DEDICATION

In the fall of 1936, a young man came to Governor Dummer to join the faculty. Since then, he has taught various subjects and has coached many successful teams. For twenty-eight years he has been a faithful mentor both in the classroom and on the playing field. He has helped prepare boys for future academic endeavors, and he has developed many great athletes. His sincere interest in all phases of school life has made him an integral part of the success of the academy. But, above all, he has treated each of us, not just as students or athletes, but as boys. Therefore, we, the Senior Class, respectfully dedicate this, *The 1964 Milestone*, to *Howard Julius Navins*, teacher, coach, and friend.

... he has helped prepare boys for
future academic endeavors ...

... he has been a faithful men-
tor on the playing field ...

... above all, he has treated each
of us ... as boys.

ACKNOWLEDGEMENTS

A yearbook does not just appear each year; it is the result of long hours of hard work by many people. The board is not solely responsible for the production of *The 1964 Milestone*. There are others whom we wish to thank for their help:

Mrs. Marjorie J. Rouisse for her accounting and bookkeeping.

Miss Louise Lovell and the entire office staff for their special information.

Mr. Richard Weir, the representative from the American Yearbook Company, who aided us in the actual production of the book.

Mr. Roy Hult of Hult Studios in Melrose whose excellent photography has improved the quality of the book.

The *Milestone* staff for their assistance in the tedious areas of the production of the book.

Our advertisers without whom the book would have been an impossibility.

Mr. Douglas L. Miller who has faithfully stood by us to help whenever he could.

Mr. Miller

Mr. Weir

UNDERCLASSMEN

... the struggle to absorb ...

CLASS OF 1965

Rick ponders a physics problem.

Mr. Williams, the class advisor.

Callen crosses against Andover.

John enjoys himself at the Fallout.

When a student becomes a junior, he experiences a great transition in school life. He has added responsibilities, and he begins to help strengthen the reputation of the academy in all respects. Each junior begins to realize that college admission is harder than it seems and that it requires his utmost effort. As well, he has ample opportunity to aid the success of the school athletic teams. He learns what it means to be an integral part of a team, and he learns what rewards determination. He must prepare himself, also, to take over publications and activities in the coming year.

Many juniors have made outstanding contributions to the school this year. Academically, Russ Thomas, Rick Wilson, and Brock Callen have shown proficiency. The athletic teams have been fortunate to have Tim Browne, Scott Magrane, Bill Russell, Steve Rolfe, and Ralph Sexton.

The functioning of the school and the success of the student government depends a great deal on the junior class. They play an important role in school life, and they will be the leaders next year. Their job thus far has been the preparation for their assignments in the future as seniors.

Fred dissects a rat in Biology.

Tim cuts around end.

Jay, Andy, and their dates listen to the Pacemakers.

A boy finds that his sophomore year is a great deal more difficult than his freshman year. His teachers expect more from him, and his free time becomes much more limited than before. The sophomore year tests each student to see if he can adjust to a more rigorous academic schedule. There is less time for fun, and the sophomore begins to realize that preparing for college is not going to be an easy chore.

This sophomore class has contributed significantly to the academy, perhaps a little more than sophomore classes of the past. One of the top scholars in the school is Dave Stevens, a member of this class, and many other sophomores are consistently on the honor roll. Athletic teams have been fortunate to have the services of Tim Maier, Andy Leonard, Dave Hartz, and Ford Schumann.

Many members of this class have also added to various other activities, such as the Glee Club.

Sophomore year is a method of testing the capabilities of the students of this class. If they successfully complete this year, they are well on their way toward a good education at Governor Dummer.

CLASS OF 1967

Mr. Eames, the class advisor.

Some Freshmen write a theme in English class.

Jim Nevius rides his opponent.

John Emerson gets ready to go to classes.

Mr Eames has a difficult job as advisor to the Freshman class, for he is confronted with around forty-five new boys each year, many of whom do not know what it is really like to study. It is hard for these freshmen to sit down and study every night, but most of them make the grade.

Freshman year has many purposes, but there are two very important ones. First, the freshman must be taught self-discipline. He must learn how to study and when to study. Secondly, he must apply himself if he wishes to continue at school. This is sometimes a very difficult task, but it is an invaluable experience.

To many, freshman year is a great shock, but a profitable endeavor. The first year is a great awakening for many, but it is also a very necessary part of the educational efforts of this institution. Now is the time for these boys to start preparing for the road that lies ahead.

President Terry Golden

Under the able direction of Mr. Sager, the Glee Club this year continued to be one of the more popular activities in school. Each boy who was given a place in this organization had to work hard to earn and keep it. As a result, this club performed well throughout the year. This group was unique in that it achieved good balance and blend without a great many outstanding voices. However, Terry Golden, Bryan Hamric, and Alan Chase performed well as soloists.

This group had a large repertoire ranging from religious numbers to barbershop. The Glee Club sang regular concerts with Walnut Hill, Abbot, and Waynelete. These were followed by

dances which everyone enjoyed. As has been done for the past several years, the club again performed at the New England Preparatory School Music Festival in Kresge Hall at M.I.T. on April 19. For the second year, a Pops Concert was held in Alumni Gym at which the Glee Club performed.

The highlight of the activity for this organization was the trip to the World's Fair in New York. On May 14, they sang for the New York Alumni Organization and spent the night at the Waldorf. The following day they performed at the New England Pavilion and the RCA Pavilion, and they returned to school that night.

The Glee Club was a success because of the efforts of Mr. Sager, the diligent practices, and the willingness on the part of all to work. Everyone liked the variety of engagements and all were satisfied with the results.

DRAMATICS CLUB

Members of the cast rehearse in Lang Gym.

The Dramatics Club is perhaps the fastest-rising activity in school. After last year's successful play, more boys became interested in acting. Sixty-five tried out for a cast of twenty-six. Mr. Griffin directed the production, and he held rehearsals all winter in preparation for performances on April 10 and 11. "We have some good talent," he noted, and he used it well in forming a very effective cast. *Billy Budd* was a rather ornate play centered around an innocent sailor, representing the good in life, who was antagonized by the evil captain. The club did a very good job with this play, and it seems as if dramatics are here to stay at Governor Dummer.

RELIGIOUS DISCUSSION

Seniors meet with Mr. Harris to talk about various affairs dealing with the religion of our time.

This year a number of select seniors were chosen to participate in the Religious Discussion group. Meeting in two sections each Sunday, these seniors discussed some of the major religious problems of our time. Most of the programs were centered around the interests of the students. Each week one senior prepared a short talk on which the discussion was based.

Special programs were arranged with outside speakers. Lecturers representing many different faiths presented a variety of beliefs and religious traditions. Noted speakers, such as Monsignor Francis J. Lally, spoke not only for the benefit of this group, but also for the school.

Credit must be given to Mr. Harris for regulating these discussions and bringing guest speakers to the school. His work and the work of those involved made this year's group a profitable experience.

THE FALL SEASON

SOCCER

Captain Robbie Sherman

The soccer team of 1963 did not have the outstanding players that Governor Dummer teams of the past have had. To overcome this deficit the team worked as a unit giving an all-out effort in every game.

With only six returning lettermen, Mr. Navins was faced with putting the best combination of players on the field. Members of last year's J.V. squad filled the gaps, and they did a good job.

Although we controlled the play in most games, our problem lay in scoring. However, this was our only bad spot, for our spirit, devotion, and determination were fantastic. Even after losing seven straight, we came back and tied St. Mark's, the league champions. In our opening game with Andover, we looked like a seasoned team, but, with five seconds to go, a well placed shot by their halfbacks put the Governors on the short end. This was typical of the disappointments which the team experienced throughout the season.

In our first league game, we completely dominated the play in the second half and beat Nobles 2-0. Against Browne and Nichols we played the brand of soccer familiar to Governor Dummer. A short passing game proved beneficial as Robbie Sherman booted home the only goal.

Before a Parents' Day crowd, inside Billy Russell scored two quick goals against Milton in

the first. However, Milton managed to tie the score, and they won it on a breakaway in the final minutes of the second overtime. The Tabor game again exemplified the good soccer this team played, but an unfortunate Tabor goal in the third period topped us. In our last two league games, we tied St. Mark's and Belmont Hill by identical scores of 0-0.

Throughout the season, the forward line of Joe Robertson, Don Balser, Robbie Sherman, Bill Russell, and Brock Callen, backed by Bill Poole and Art Cameron, controlled the ball but had some difficulty in scoring. Lou Higgins, John Mercer, Dave Hartz, and Jay Cooke composed the halfback line which consistently kept punching the ball up to the forwards. The tandem of John Heald and Tom Gregg, along with Rocke Robertson, formed a strong defensive unit in front of goalie Bruce Fraser.

The team of 1963 experienced many disappointments, but credit is due to them for maintaining their pride and desire. Mr. Navins' superlative coaching was beneficial to every member. This team formed a unit on and off the field, and the year was marked by much improvement. With five returning lettermen, Co-Captains-elect Brock Callen and Dave Fuess should see a fine season next year.

FOOTBALL

Co-Captains Bob Wise and Tom Maier

First there were four, and then there was one. That was the story of one of the finest back-fields in recent years and the story of this year's football team. A lack of depth and experience could not be overcome by this aggressive squad, but certain individuals made outstanding contributions.

The Big Red was a green team when it took the field against St. Sebastian's, but two pre-game rallies and a fired-up squad brought Governor Dummer a hard-earned tie. Defensive end Tim Browne recovered a blocked punt in the fourth quarter, and substitute fullback Bob Wilkins climaxed a great effort by scoring on the next play. Mr. Anderson described the game as "the finest first game I have ever seen a Governor Dummer football team play!"

Defeated a week earlier by a superior Browne and Nichols club, the Governors travelled to Providence to meet a good Moses Browne team. Recovering from a first period safety, the Big Red roared back, and Tim Maier scored twice to secure the win. Co-Captain Bob Wise gained more yardage than the opposition, and Charlie Parker and John Everett play a sterling game at defense. In the fourth quarter, tragedy struck as Co-Captain and quarterback Tom Maier, who had played terrific ball thus far, broke his arm and was lost for the season.

Injured backs Golden and Maier cross the field before the game.

Before a Parents' Day Crowd the Big Red succumbed to Milton in a wide-open contest. The lack of a breakaway runner, due to the loss of Terry Golden because of a broken neck, hurt the team, but Wise, Magrane, Dick Tuxbury, and new quarterback Tim Maier gave commendable performances. Next week a bigger and better Groton team overpowered us and overshadowed a two touchdown effort by eventual All-New England fullback Bob Wise. However, the complexion of the team seemed to change against St. Mark's. Leading 8-6 at halftime, the Big Red seemed to have victory within its grasp, but they let it slip by, coming out on the short of an 18-8 score. With the final game at Belmont Hill, the team staged a great second half rally, only to fall short as time ran out when we were driving for another score. Wise climaxed a great season by running sixty yards for six points the last time he carried the ball. Both he and Tom Maier provided good leadership for the team.

The season was a long, tough one for all on the team. The coaches devoted a great deal of time to their boys, and the team responded as best they could. We did not have the "horses," and this is the only reason we didn't win more. If there is any doubt of the effect of the season on the players, ask any of them and they will tell you it meant an awful lot.

CROSS COUNTRY

Sullivan and Morton move ahead of St. Paul's.

Captain Bucky Foss

With five of last year's seven lettermen returning, prospects for a very successful cross country season were bright. Unfortunately, key injuries plagued the team almost all season. Typical of the bad luck was the Moses Brown meet, in which three of our first five runners were hit with injuries and could not perform up to expectations.

Despite the numerous disappointments, this was a team with far more ability than any previous Governor Dummer cross country team. Our power was shown in the two meets when we finally ran at full strength. Against Lawrence, we won a decisive victory, taking five of the first seven places. This was the worst beating Lawrence took all year long. Against the Exeter J.V.'s, we won an almost equally impressive victory. Our first three runners crossed the line before an Exeter man finished. Although our record for the season was two wins and three losses, we still held an overall six point advantage over our opponents.

Since Captain Bucky Foss was out with a stitch for most of the season, a great burden was placed on the rest of the team. Wes Williams and Steve Rolfe took up the slack admirably. Wes took firsts in the meets in the first half of the year, yet Steve won them during the latter half.

A great deal of credit must be given to Mr. Fenn who worked hard with his runners and lived with their problems. But the real credit for the season must be given to the runners. It demands a special kind of determination to run up and down hills with no one to cheer you on. The runner himself must decide how badly he wants to win and must do the job alone.

Next year's team will gain from the experience gained this year. Led by Captain-elect Steve Rolfe, most of the lettermen will return. Juniors Dave Sullivan, Arnie Morton, and Pete Imber will add the depth so necessary for a cross country team, and with some luck they might become the first Class B Champions ever produced at Governor Dummer.

THE WINTER SEASON

WINTER TRACK

Golden holds the commanding lead over the last hurdle.

Captain Terry Golden

During the past few years, winter track teams at Governor Dummer have excelled both in competitive scoring and in personal triumphs because the members of these teams have been interested in constant self-improvement. This year was no exception. The team finished the season with an undefeated dual meet record for the second consecutive year. With a record number of boys out for the team, all were trying for the competitive spots, and this was one of the most important factors in the success of the team. With two or three letter winners in each event, the team had more depth than usual.

After a practice meet with Exeter right after vacation, the winter track team opened its schedule with a quadrangular meet, beating Hebron and Tabor, while losing to Exeter. Captain Terry Golden, who broke his neck last summer, returned, and with just four days practice, won the two hurdling events. The team showed its potential with Mike Kotarski and Don Balser, Andres Echavarria, Bucky Foss, and Wes Williams faring well in the hurdles, the 600, the 1000, and the mile, respectively. In the field events, Jay Allen took a second in the shot, as others showed some promise for future meets.

The four top runners take a practice start.

Minus the top man in each event, the team tied the Andover J.V. and defeated the Exeter J.V. teams. In these two meets, the depth was made evident, and the prospects for years ahead looked strong. On February 1, the mile relay team of Captain Terry Golden, Bucky Foss, Mike Kotarski, and Pete Dolce competed in the Prep School Relay Championship at the B.A.A. Games. The quartet ran well, placing second to Chesire in a close race.

In the Moses Brown meet, the team, led by Terry Golden and Bucky Foss, won a decisive victory under poor conditions. Jay Allen, Bob Wilkins, and John Heald, gave us a sweep in the shot, and improved high jumpers Grove Cooke and Minsh Strater scored valuable points to secure the win. In the final dual meet of the season, we defeated Tabor to remain undefeated.

A season such as this one can almost speak for itself. The success was attained by good coaching, good performances by several individuals, and a tremendous comeback by Terry Golden, whose fine example set the trend for the entire team. Mr. Sperry summed up the results of the meets by saying, "... there is a greater depth of talent than we have ever had before." The team deserves a lot of credit, and by their record they have strengthened the fine reputation of winter track teams at Governor Dummer.

Strater starts his 5'6" jump.

Kingsbury follows through in the shot put.

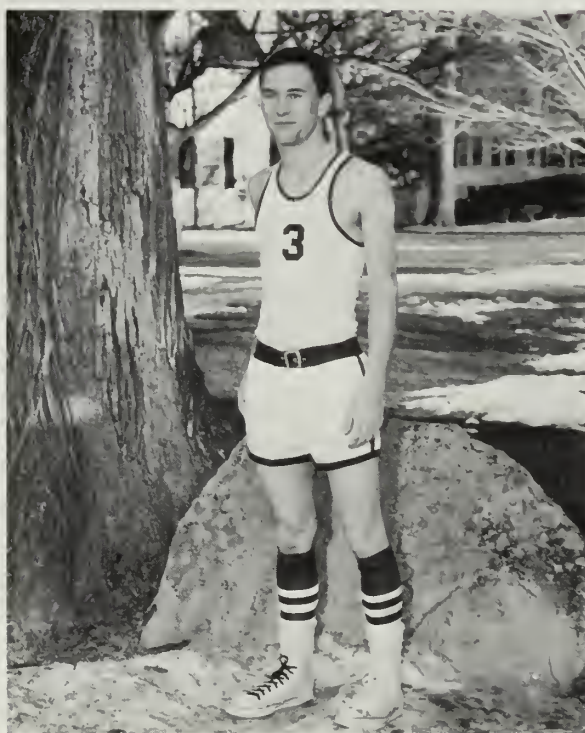

Rolfe sets the pace in his speciality, the 1000.

BASKETBALL

The Big Red takes time out during the Belmont Hill game.

Captain Tom Maier

At the beginning of the year, the 1964 basketball campaign was viewed with doubtful optimism. With only two lettermen returning and four members of last year's squad back, Mr. Williams had a tough task of forming a winning team. Then, a great loss was incurred when it was learned that Captain Tom Maier, who averaged 18 points a game last year, was sidelined for the season with his broken arm. Although some of the leadership was missing, we pulled ourselves together with exceptional aggressiveness and good scoring balance to have a relatively successful season.

The year was highlighted by a good number of fine team efforts and occasional individual performances. We started off on the right foot by trouncing a respectable Alumni team 71-55. With the score difference only six points for most of the game, the team gave league champions Browne and Nichols an aggressive tassel before bowing 71-59. Led by Dick Tuxbury and Pete Imber, we toppled St. Mark's with a 39 point performance in the second half. With this win, the team began to function smoothly. Remembering a humiliating loss earlier in the season, the Governors took revenge on Milton with a very fine 78-66 victory.

Tux pops a shot from the right lane.

In the Milton game, four out of the five starters hit double figures, and it was termed as one of the "finest" basketball games played at Governor Dummer.

With the loss of Maier, Dick Tuxbury became the spark plug and took up the scoring slack. He averaged about 15 points a game and dazzled many teams with his twisting underhand lay-up. Pete Imber consistently scored from the outside, and was deadly from the line, proven by his 27 point output against Moses Brown. John Mackenzie and Scott Emerson supplied ample height under the boards, and both hit for clutch baskets. Ball-hawking Tim Maier filled a guard position quite effectively throughout the season. Capable at any time to fill guard positions were Bill Harvey and tricky dribbling Bill Poole, while Ted Caldwell and Andy Leonard gave added height up front.

Once again Mr. Williams took inexperienced boys and helped them recognize and develop their talents. He has developed a responsible, aggressive unit who responded well in all situations. Injured Tom Maier did his best to inspire the team from the sidelines, but it was the players themselves who provided their leadership on the court and played good ball for Governor Dummer.

Tim Maier tries to make it a 14 point lead.

Mackenzie and Caldwell go for the rebound.

Tux converts a two-pointer.

HOCKEY

Wilson and Fraser buzz the cage for a rebound.

Co-Captains Robbie Sherman and Tom Gregg

With vague memories of last year's discouraging season, the hockey team, with five lettermen, started practicing before Christmas. Although there were some people in school who had dubious thoughts about the coming season, there was never any doubt in the minds of the players or the coaches that we could do a good job. We were not loaded with depth, but we had some strong players who contributed significantly to the team.

Having a deadlocked 3-3 tie with the Alumni under our belts, the hockey team opened its league schedule with Brooks. With two players out, a goal by Scott Tenney was not enough to catch them in a 2-1 loss. Showing definite signs of improved team play, we smothered the M.I.T. Freshmen 8-1 with two goal efforts by Co-Captain Robbie Sherman, Ralph Sexton, and Charlie Parker. In what was one of our better games, a determined team forced Nobles to scramble late in the third period to win after Bruce Fraser had knotted the score with a great solo effort in the second. Co-Captain Tom Gregg was outstanding, and this was indicative of his play for the rest of the season. Rick Wilson netted a pair in the first five minutes of the Browne and Nichols game, and Fraser and Sherman came through with their second goals of the game as we hung on for a 6-4 league win.

Tom Gregg makes the save as the defense comes to his aid.

After dropping one to a strong Middlesex club, the team had to settle for a tie against Lawrence. A week later, we got fired up, pulled ourselves out of a slump, and played a superb game against Milton. Co-Captain Gregg gave a great 37 save effort while the defense tandem of Parker and Sherman continually cleaned out the opposition in front of the net during this brutal contest. Good line play was displayed by Wilson and Sexton, who will be co-captains next year.

Finally, the team picked up wins over Berwick and Groton. The forward lines forechecked quite well in the Berwick game, while the whole team was responsible for the satisfying 2-1 victory over the Grotties. Much improvement was shown by Arnie Morton, Fred Evans, and Jack Gregg, while John Everett and Sim Hyde gave the defense some rest.

This year's team marked a great improvement in Governor Dummer hockey. The team faced many strong teams, but we fared well because we were a unit. Mr. Eames' tireless devotion to the team was invaluable, while Mr. Edwards gave many important pointers to the defense. Although we were inconsistent at times, the season can be termed a success.

Tom Gregg makes his most spectacular stop of the season.

Sherman starts a breakout play against Groton.

WRESTLING

Chase cradles his Browne and Nichols man.

Captain John Steele

Another fine wrestling team performed for Governor Dummer this winter. Although the team was not in the undefeated ranks, we produced a most commendable record of five wins and two losses, gaining the victories by decisive margins.

In the 110 lb. class, new boy Dave Olier compiled an excellent 6-1-1 record as a sophomore. At 115 Nick Appollonio and Roy Hope combined to wrestle most of the matches in this class. Hope performed an unusual feat by pinning his man in his first varsity match.

Bill Russell, one of the best wrestlers on the squad, tied last year's New England Champion from Milton and had a 5-1-1 record at 121. Brad Dorsey used the psychological approach by letting his opponents think him to be harmless. However, he beat five of his seven adversaries in the 127 lb. class. Alan Chase beat Tabor's captain in a great match while holding down the 133 lb. class at 5-2, while Jotty Pearsall wrestled well at 138. A much improved Lou Higgins lost only one match at 147, while Scott Magrane found the going rough in the next weight class.

Captain John Steele provided excellent leadership while compiling a 6-1 record at 167. A very fine wrestler, Steele almost always capped the meets with his wins.

Bob Wise had a .500 record in a tough class at 177, while Gary Leahey was 3-2-1 at Unlimited. Both boys did very well against good competition.

In the Interscholastics the team placed third among eight schools. Bill Russell gained the championship at 121, while Jotty Pearsall was second at 138. Captain Steele, Olier, and Dorsey took thirds, as Hope and Higgins placed fourth, all in their respective weight classes.

The team performed well this year, as have all Governor Dummer teams in the past. Mr. Evans again produced a squad which brought respect and prestige to the school, but the boys themselves were responsible for continuing the trend of our excellent wrestling teams.

DODGE'S
SWEET CIDER

(contains no preservative)

PA TATER SAYS:

If you want this cider old,
Bear in mind to keep it cold.

If you're out to make it hard,
Sit it right in the sunny yard.

But if you really want a drink that's neat,
Take the durn stuff when it's sweet.

*N*obody knows how many
hundreds of thousands of people will
dine tonight with Towle Sterling — but the
actual number would be startling. For
in the two-and-a-half centuries that beautiful
silver has been made in Newburyport, the
demand for its patterns has moved steadily
upward. Craft traditions reaching back
almost to the Pilgrims are part of the
reason for Towle progress, but probably
the chief reason is a certain soundness
of design — patterns that wear well
— that wear so well, in fact, that they
become at once a proud possession and
a beloved part of family life.
